Dear Sir:-

Under date of September 29th, 1909, you were kind enough to give me information in reference to the new financial plan that Northminster had adopted commencing last June. May I again be an annoyance to you and ask for some information, first, after using it for about six months what is your opinion as to its practical results and what is the outlook for continued success, which I take it you have had, and are there any changes that you would make in the plan that you originally adopted? Would you put in the duplex system of envelopes in place of the single system? If so, will you kindly give reasons for doing it, and if not, reasons for not doing it.

Any attention you can give me in this matter will be very much appreciated by our Session who are still laboring to find out the best plan to adopt.

Very truly yours,

F. S. Yeakle

Dear Sir:-

Under date of September 30th, 1919, you were kind enough to give us information in reference to the new Financial Plan that Northminster had adopted concerning Lent Dues. May I again be so fortunate to you and ask for some information. First, after using it for about six months what is your opinion as to its practical results and what is the outlook for continued success, which I take it you have had, and are there any changes that you would make in the plan that you originally adopted? Would you put in the duplex system of envelopes in place of the single system? If so, will you kindly give reasons for doing it, and if not, reasons for not doing it.

Any attention you can give me in this matter will be very much appreciated by our Session who are still laboring to find out the best plan to adopt.

Very truly yours,
